Principal Speaks ...

Each year young eager minds enter the College to pursue the degree course of their choice. They leave as young adults ready to face the challenges that life has to offer. It has been our endeavor at the College of Vocational Studies to bring out the best in our students. Towards this we try to combine a healthy academic atmosphere with a lot of extra-curricular activities. These range from NCC to NSS to sports to dance to music to writing and so on.

The College was started in the golden jubilee year of the University of Delhi in 1972. It marked a small beginning to change the way in which higher education was treated in the country. Since the time we started in a small building in north Delhi to the present premises we have come a long way.

The College today has two air-conditioned and fully equipped computer labs, a well stocked air-conditioned library and a modern playground. The College campus is Wi-Fi enabled and most of the classrooms are equipped with projectors. The whole campus is under electronic surveillance. The construction of new building complex has been completed. This will help in giving more facilities to the students and staff and help in the further expansion of the College.

We at the College are hopeful of a bright future and to this end we welcome all those who wish to associate with the College as students. We believe very firmly that we are the change that we wish to bring about.

We look forward to a meaningful interaction and association of learners and teachers during the new academic year 2019-20.
