Seminar on Financial inclusion Through Financial education

Comsoc, the commerce society of CVS, in association with the Security_and_Exchange_Board_of_India Bombay_Stock_Exchange ltd and Central_Depository_Services & Limited (CDSL), organised a regional seminar on "FINANCIAL INCLUSION THROUGH FINANCIAL EDUCATION" on 7th February, 2020 in the seminar hall.

The speakers for the event included Chief General Manager of SEBI ,Shri Amit Pradhan and Shri S. Shinod the DGM of SEBI, Shri. Rajeev Garg, the AGM and Delhi Head of Bombay Stock Exchange Ltd and Shri Harminder Singh Sokhi, Manager of the BSE,Shri Amit Jain, the Senior Manager of Central Depository Services Ltd.

All the prominent speakers were felicitated by the respected Principal Sir, Dr. Inderjeet Dagar. The panel brought to light the multitude of functions performed by the regulator for securities market in India, SEBI. From the changing trends in investment to how to initiate the same, students were given insights into the importance and workings of different market instruments. The role and importance of the regulators and mediators in securities market were described in very simple way. The speakers from CDSL talked about the problems faced by investors and the reason for enacting Depository Act.

The procedure for investing as per the Depository Act ,1996 which does away with the need of having physical certificates of ownership of shares and replaces it with a Demat account, was emphasised. Mr. Rajiv talked about how public saving kick started the growth of the economy post-independence and the fact that public savings still funds majority of the country's economy. He stressed on channelising this public saving in an efficient manner.

Students were encouraged to talk on topics regarding mutual funds, bonds and equity to make the seminar interactive. The seminar enlightened the potentials of being a player in the financial markets. The panel also explained how #MutualFundsSahiHai.The speakers asked students to take a step forward by investing in the financial markets with just bare minimum in an early stage as the minimum investment required in mutual funds is Rs 500 only.

After the seminar, the students were given the opportunity to clear their doubts in an interactive Q&A round.

In the end, booklets carrying information about securities markets were distributed among the students. The seminar was highly enlightening and informative for the students and turned out to be huge success.

Seminar on Opportunities in Insurance Sector

On 27th February '20 COMSOC in collaboration with IQAC and SMC CVS organised a seminar on the "Opportunities In the Insurance Sector". The speakers were senior officials from the ASEAN INSTITUTE OF INSURANCE AND RISK MANAGEMENT (AIIRM) and Agriculture Insurance Company of India Ltd. (Mr. Masood Wahab from AIIRMand Mr.Ashok Upadhyay from AIIRM and Ms. Vandana Chawla from Agriculture Insurance Company of India Ltd.) AIIRM is an ISO 9001:2008 certified organisation and was set up to fulfill the growing need for financial and insurance education and training for the employees and agents of the insurance and banking industry and the general public at large.

The insurance sector promotes business activity in the country and a strong insurance sector instills trust in the people. Also, for individuals, during the time of crisis, one's own blood may not help financially but the insurance policy taken earlier would cover the expenses during any emergency situation. In the seminar, students got an insight about the meaning of the term "#INSURANCE" and its significance in the developing economy. Students were informed about various career options in the insurance industry and job opportunities it offers. Students were also enlightened through real life situations and illustrations from various aspects of the economy .Each industry that functions in the economy requires insurance to prevent them from the external threats and natural disasters. The speakers talked about epidemic diseases, natural calamities like tsunami and hurricane and environmental problems and the massive loss caused due to them and thereby the importance of insurance.

Students appreciated the mechanism of insurance in which the loss gets distributed among the people who are paying the premium and the burden of loss doesn't come on one person only. The speakers also presented the detailed facts regarding the market penetration of insurance as a percentage of GDP in the Indian economy, which reached 3.69% in 2017 from 2.7% in 2001

which clearly shows that the growth of this sector has been very slow as compared to other countries and therefore the need that insurance sector must grow rapidly which will ensure the

growth of the economy as a whole.

Students cleared their doubts in the question and answer round regarding career prospects in insurance sector. Overall, it was a very informative, interesting and enlightening session for the students.

This is to certify that the activity report (Teacher/Department/Society/Association) has been submitted for documentation to Internal Quality Assurance Cell, College of Vocational Studies, University of Delhi.
