The event consisted of 4 sub competitions: **The Schindler - Best Manager, The Belfort - Best Marketer, The Gekko - Mock Stock and The Consigliere - Best Consultant.** The event witnessed registrations of over 500+ students pan India with thrilling rounds and amazing rewards.

**The Schindler** - The Schindler allows the manager within you to take over. It's an event that will test your ability to balance emotions with reasoning and make decisions that will solve problems and enable you to take advantage of opportunities. You'll go through 6 gruelling rounds spanning two days and compete with the best of the best to be crowned the Best Manager.

**The Belfort** - The Belfort is here to put this incorrect notion to rest with its intensive rounds that will test all conventional and unconventional aspects of marketing. From product designing to market awareness to persuasion skills, all bases must be covered if you want the crown of Best Marketer on your head!

**The Gekko** - The Gekko requires you to take tough decisions under pressure and think on your feet. With the theme this year revolving around the idea of Synthesised Sapience, the participants will have to pitch, trade, and invest in a world that is dominated by machines and Artificial Intelligence.

There will be 3 rounds, and as the competition progresses, each round will get increasingly difficult.

So, get ready to put in the work if you want to earn the title of Best Investor.

**The Consigliere** - The Consigliere, at its core, is a competition that tests your analytical skills and astute reasoning in tackling situations that most people cannot figure out. Add to the mix the prospect of making crucial decisions, and you will find yourself in countless nerve-wracking scenarios.
